

«CROSSROAD»

MARCEL P. MASSEGÚ

- Prologue -

Through the forest in the valley that's darkest
the day you're chasing the big sleeping Sun,
waterfall, shake and wall, go see behind
where nothing reaches, nor people or starlight.

Reach the temple where the secret rests still,
shining warmly with its comforting glow.
It will sweep your sorrow and let you know
that complete wildness will then be your will.

Arise, o transformation divine!
You wanted to feel disgusting no more.
So look at your change and start to shine!

A brand new person, never seen before,
improved and refined like luscious wine...
Your sexiest self will spread its wings and soar.

PRESENT DAY. GLÉTT
FOREST CROSSROAD.

FUCK YOU!!

YOU SNEAKED ON ME AND ATTACKED ME! AND ALMOST CUT MY NECK, YOU BASTARD!

NO... WELL, TECHNICALLY YES... BUUUUUT...
